v2.0

cleanthes-apps.com

What we do. Skill matrix, statutory training and audit compliance in one product, for plants with 50-1,000 employees. We remove ~40 HR hours a month of spreadsheets per 100 employees, turn the IATF audit from 3 days into ~4 hours and produce the food-safety inspection report instantly. **All-in bundle: every feature in the same price,** no add-ons, no separate content library, no external IATF consultant.

Audits accelerated (2/year: 20h consultant x EUR 100/h + files)	**~7,000 EUR**
Inspections without panic (3/year x 38h x EUR 30/h)	**~3,420 EUR**
Production stops avoided (2h x EUR 1,000)	**~2,000 EUR**

One labour-inspection fine avoided (conservative)	**~5,000 EUR**
Estimated savings / year	**~45,620 EUR**

Head to head: *Docebo (~EUR 15,000/year at 100 users) + spreadsheets for IATF / food safety + external IATF consultant (~EUR 10,000/year) = ~EUR 25,000, for a weaker result (no inspection report, no turtle diagram, no QR certificates).*
